

Oak Grove Primary School Playground Brick Campaign

Building our Future ...Brick by Brick

Oak Grove Primary School's PTO will begin breaking ground to build our new "Town Playground." This innovative play area will be fashioned after a town model complete with a traditional town square. The town square will be the center and focal point of the playground and will be constructed of engraved brick pavers. Students, families, staff, graduates, and friends of Oak Grove Primary School have the opportunity to participate in and support this project by purchasing individualized brick pavers of their choice. The bricks can be engraved with a student's name, names of an entire family, past graduates, in honor of a favorite teacher, or in memory of someone special.

The completed town square will be the cornerstone of our play village and will be enjoyed by many for years to come. Please continue to support our growth by purchasing your piece of history.

4x8 BRICK: \$40.00 (Please use only one letter or number per block. Allow one block for a space between words.)

8x8 BRICK: \$60.00 (Please use only one letter or number per block. Allow one block for a space between words.)
